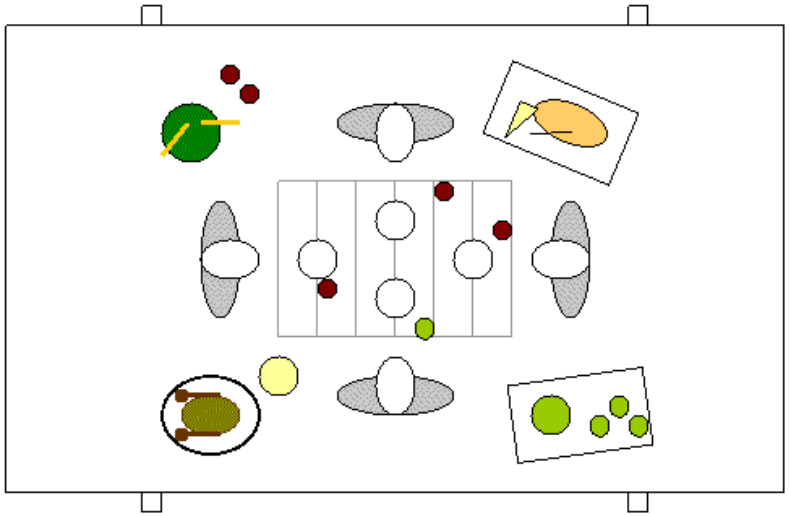
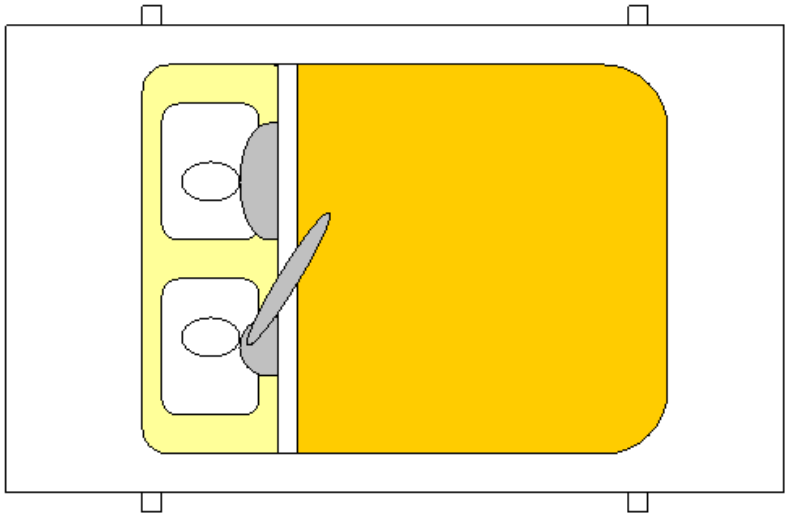
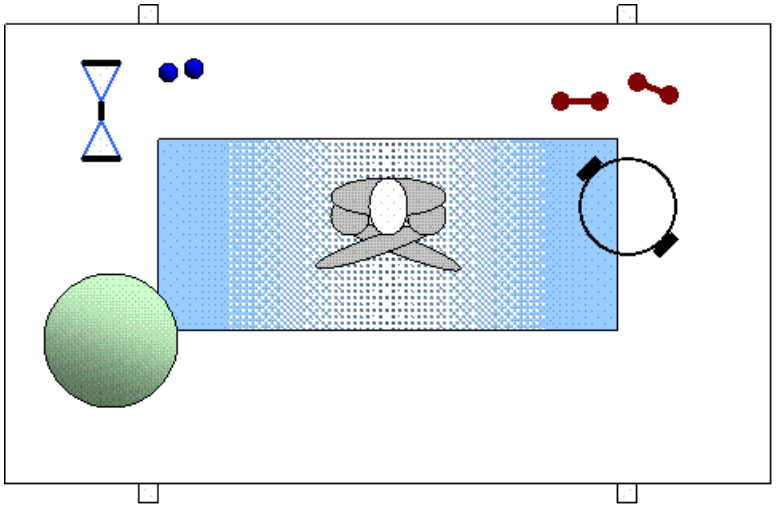
The 6-foot by 10-foot deck of an **Original TeaHouse** is generous and flexible enough for a wide variety of uses:



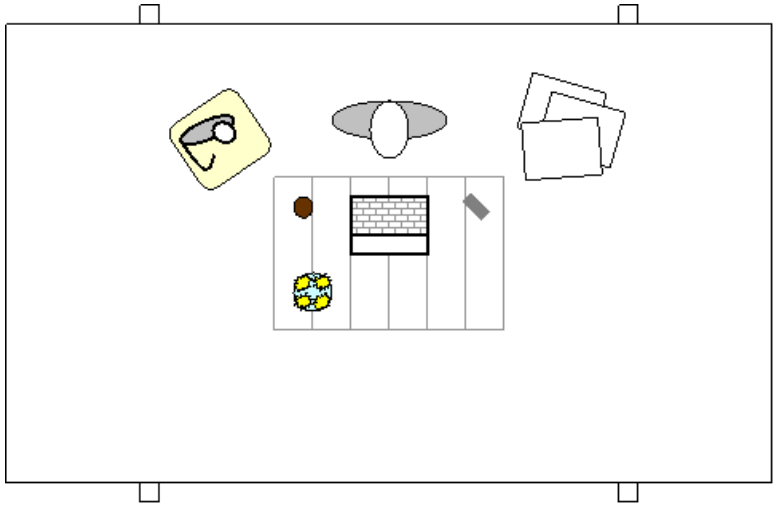
As a dining pavilion – a modest 3' x 2' ***Kotatsu Table*** will readily accommodate a full meal with four adults.



Lower the ***Kotatsu Table*** and there's plenty of room for a queen-sized bed or futon for outdoor sleeping.



As a yoga pavilion, meditation space, or exercise platform – on a level deck, with the ***Kotatsu*** down.



As an outdoor office, workspace, or artist's studio – with the ***Kotatsu Table*** up as a desktop.
